STORAGE & INVENTORY MANAGEMENT

We have 3 warehouses located in the city of Chihuahua, Ciudad Juárez and Ciudad Obregón. Our personnel with more than 17 years of experience in logistics processes and our procedures, guarantee the good handling of the product and its safety. Clients like Herdez and Farmacias del Ahorro, Best Buy, Bayer Monsanto.

DRY AND CONTROLLED TEMP. CROSS DOCK

Our warehouses are equipped with the highest technology in the cold chain, and allow us to offer the service of crossdocking and guarding of delivery units at a controlled temperature (0 ° c - 5 ° c). Customers like Nestlé Ice Cream guarantee the quality of our service.

FTL TRANSPORTATION AND DROP & HOOK

We have a wide network of carriers and own units that allow us to operate primary and secondary transport circuits (plant / cedis - crossdock / cedis / client) in full or consolidated load mode, guaranteeing the best equation in terms of quality, time and cost.

DELIVERY LTL

We have a fleet that allows us to deliver to different distribution channels in both controlled and dry temperatures. Circle K has chosen us as its 3PL for distribution to its nearly 100 stores in the State of Chihuahua. We also serve the Wholesale, Self Service, Foodservice and Specialized Retail channels.

INVERSE LOGISTICS & PALLET HANDLING

We have the infrastructure and competences to make charges for the return and safekeeping of merchandise, CHEP pallets, proof of delivery documents and any other service required by our customers.

PACKAGING & LABELING

We have highly qualified personnel for stowage, packaging and specialized labeling according to customer requirements. Our quality standards guarantee the correct handling of the product avoiding losses and damages. Providing employment and support to vulnerable women.

24/7 OPERATIOS AND DISPATCH

We have a technological platform supported by BIIS, a leader in logistics technology solutions, which allows us to integrate our clients to provide them with 24/7 visibility of the status of their deliveries..

Visibilidad total de embarques

Seguimiento de fletes y recepción de evidencias digitales en tiempo real.

Partnerships

With Strategic partners

We have an extensive network of collaborators both in chambers and business organizations, as well as companies specialized in technological solutions, logistics and business consulting.

We are convinced that through collaboration and continuous improvement we will be able to satisfy the needs of our clients and contribute to a socially responsible and better business ecosystem, both in the State of Chihuahua and in our country.

What distinguishes us?

100% SAFES DELIVERIES

We know how important it is for your company to be confident that your merchandise will arrive in excellent condition under the established temperature and shelter specifications. Our facilities, staff and transportation are certified to achieve this goal.

QUALIFIED STAFF

Personnel with more than 17 years of experience in all aspects that integrate business logistics (product handling, stowage, labeling, loading, unloading, packaging, CHEP pallet control, among others).

DELIVERIES ON TIME

Our processes, personnel and technology guarantee that your shipments arrive in time commitment to your destination. We know that time is cost and service to your consumers. Always on time is our goal.

TRACEABILITY OF SHIPMENTS

Our Control Tower monitors shipments 24/7, to communicate both to authorities and our customers, in case of accidents or events that prevent arrival on time. We have the technology so that from your company you can access the status of deliveries at the desired moment.
