# COMPANY PRESENTATION

PARANAÍ - PARANÁ - BRAZIL

# OUR COMPANY

---

We are a family run business, who has been working with large scale cassava cropping over several generations.

In 2017, an opportunity for developing a factory and producing starchy food from cassava for international retailing commerce, due to the growing appeal to gluten-free products around the world.

Emerging from that, Yucas Foods.

Our mission is to bring **the purest Brazilian flavor** to your family.

**Yuca** = cassava

# A little about Planting

---

# GRM Group

---

# PLANTING

---

We cultivate from 100 to 200 alqueires every year, depending on raw materials demand.

An estimated crop production of 4,000 tons of cassava, employing over 30 workers directly.

# MISSION

---

Bring the purest Brazilian flavor to the most demanding customers, in Brazil and in the World, with quality, dedication and speed.

# VIEW

---

To be among national and international companies in the distribution of cassava derived food products.

# VALUES

---

To act in a striking way in the LIVES of people who appreciate cassava and gluten-free products. Our conduct with the norms and rules of the country in which we operate must be **REAL and TRANSPARENT.** **Always EFFECTIVE** in results and quality.

# Mixture for Brazilian Cheese Bread

*One of the most traditional Brazilian delights with practical preparation.*

With authentic flavor, unique quality and easy preparation, the mixture for Yucas's cheese bread allows you to have in your home the true and irresistible homemade cheese bread. To prepare this genuine Brazilian delight is very simple.

Just add the mixture to your recipe with the other ingredients, take to the oven and that's all!

## Specifications:

Mixture for cheese bread | 250g (0.5lb)

# Sweet cassava starch

---

Used in several recipes, the sweet cassava starch offers a more organic and healthy option for your food. By replacing the wheat with the sweet cassava starch the recipe became gluten-free and contributes to the diet of people who are intolerant to this protein.

## Specifications:

Sweet cassava starch | 500g (1lb)

# Sour cassava starch

---

Of strong and striking characteristics, the sour cassava starch is ideal for preparing cheese bread and biscuits, incredibly crunchy and tasty. Just add the sour cassava starch in your favorite recipes and that's all.

## Specifications:

Sour cassava starch | 500g (1lb)

# Moistened tapioca flour

Completely gluten-free, tapioca has already become the Brazilian sweetheart because it is fitness, delicious and easy to prepare. You just have to sift the Yucas's Tapioca flour into a dry, hot pan and in few minutes it is ready to fill as you like, with sweet and savory fillings like cheese, coconut, or chocolate, for example.

## Specifications:

Moistened tapioca flour  
400g and 800g (0,881lb and 1,763lb)

# Granulated tapioca

---

Granulated tapioca is indicated for many dishes such as couscous, puddings and cakes. Yucas's granulated tapioca make your recipes healthier and tastier. You just have to add Yucas's granulated tapioca to the traditional recipes you already know.

## Specifications:

Granulated tapioca | 500g (1lb)
