

CARIBBEAN RESOURCING SOLUTIONS

RECRUITMENT FOCUSED IN TECH, OIL & GAS,
CONSTRUCTION & MANUFACTURING SECTORS.

RECRUITMENT

Since 1996 we have recruited technical specialists and I.T professionals across the manufacturing, construction and oil & gas industries.

ASSESSMENTS

Businesses need to take the time early in selecting the right fit and assessing the right Attitude & Lifestyle, Personality and Leadership skills required to execute the job successfully.

PROJECTS

We are the leading outsourcing resource in Trinidad & Tobago to staff contract projects across the Caribbean. We also send our local professionals overseas to work in the Energy sector.

TRAINING

Sometimes your technical staff have the right attitude but need an extra boost to take the business forward. We offer Executive Coaching, training in supervisory skills and team building workshops.

HR SUPPORT

Businesses may not have a full HR function and need some support. We manage your Compensation Surveys, Human Resource Audits and Interim Management Solutions.

I.T SUPPORT

Our database of I.T freelancers are available only when you need them. We provide small businesses with access to I.T support when needed.
