Paradise Ingredients

From Costa Rica to the World

Paradise: Costa Rica is indeed a true Paradise. We have an educated and democratic population with our people and government leaders being honorable, hard working, environmentally conscious, industrious, and open for business opportunities. We have an abundant supply of crystal clean water, rich soil, a wonderful tropical climate and reliable supply of nature's best fruits - banana and pineapple.

Logo: The Logo represents our Costa Rican home and the paradise we work and live in. We have the land and water to feed the world with tropical fruits and vegetables, currently mainly pineapple and banana.

Our quality is unsurpassed with years of experience and the integrity and honesty in which we do business is the way we would like to be treated in the International markets.

We believe in mutually beneficial long term relationships to showcase our ever changing and increasing supply of our reliable array of consistently high quality tropical fruit purees, juices and concentrates.

Aseptic

Banana Puree

Aseptic Banana puree is produced from sound, bright bananas that have been ripened to optimum maturity to assure a fully developed banana flavor.

Bananas are firm and free from disease, mould, damage, rot and peel rag.

The puree is creamy yellow with no off aromas or flavors. The taste is sweet of fully ripe bananas.

All raw materials used in the manufacture of these products are GMO free and Non Allergen.

All processes employed in the preparation of these products are in accordance with good manufacturing practices and under strict sanitary conditions designed to preclude any contamination.

Those critical control points in the processing and delivery of these products are strictly monitored and controlled, in conjunction with our established HACCP Programs, to assure quality and product safety.

Frozen

Banana Puree - Concentrate

Paradise Ingredients is the only banana puree producer worldwide to concentrate frozen banana puree. The product is of consistent excellent quality, in particularly color and texture, while maintaining a natural banana flavor.

Frozen Banana puree and concentrate, is produced from sound, bright bananas that have been ripened to optimum maturity to assure a fully banana developed flavor.

Bananas are firm and free from disease, mould, damage, rot and peel rag.

The puree is creamy yellow with no off aromas or flavors. The taste is sweet of fully ripe bananas.

During the processing of concentrate the aroma is recuperated and added back to the product.

Unpasteurized

Frozen Banana Puree

Unpasteurized frozen banana puree produced by Paradise Ingredients is never thermally treated so that we can offer a wholesome product while maintaining the delicate banana flavor and aroma. An innovative production line has been added to the Cartago, Costa Rica facility, designed and installed to offer the cold press juice industry the ability to add freshly ripened banana fruit extensions to their premium juice and smoothie lines.

Banana Essence

Banana Essence is produced from sound, bright bananas that have been ripened to optimum maturity to assure a fully developed flavor.

Bananas are firm and free from disease, mould, damage, rot and peel rag.

The essence is clear, colorless liquid with no off aromas and flavors.
