# About Us

## **Mission**

To be a source of inspiration to maintain our history, culture, traditions and consumption through our nostalgic products that allow us to connect with our past and present within the Central American family that resides in the United States and Europe.

## **Vision**

To provoke feelings and emotions when tasting our nostalgic products allowing a moment of closeness in the family, remembering tastes, stories, moments and people that made a difference in our lives. To which we honor the new generations with our memories.

# Quality Policy

In compliance with the quality and hygiene criteria that this food must have to enter the US market, Aliexport has developed a safety plan that guarantees the control of the products from the certification of qualified suppliers, receipt of raw materials, control of the processes that allow us to offer products that do not affect the health of the consumer and with the taste and quality that customers deserve.

Our packaging helps to preserve the quality, flavor and freshness of our products, guaranteeing the consumer high quality standards.

For consumption, it is recommended to microwave the products.
