SNOW FRESH EGYPT

VEGETABLES & FRUITS
FOOD INDUSTRIES COMPANY

SNOW FRESH EGYPT

specializes in exporting frozen fruits & vegetables.

- We provide our partners with the highest quality products at the right time year-round, from the most modern state-of-the-art processing plants.
- Located in Egypt, which is known for its moderate weather and rich soil, we have the advantage of providing our partners with indigenous and exotic products anytime with uncompromised quality.
- Our company is fully dedicated to the export market as it covers about 100% of its production volume.
- Our premium products, stringent quality control measures, friendly services, and competitive prices have established

SNOW FRESH EGYPT

as a main supplier for the most prominent names in the industry

- The love for our business, products, and commitment to our customers has been the main impetus behind our success stories.
- Every year, we sow, grow, harvest, process, and export fruits and vegetables with ultimate care and dedication.
- Planted in the finest soils of Egypt and under our direct supervision.
- We process our high-quality fruits and vegetables according to our customized specifications and standards for each partner.

OUR VISION:

To become one of the top globally impacting food companies enriching consumers' lives with healthy, high quality, and innovative products

OUR MISSION:

To improve consumers' lifestyle by unlocking the potential of nature and delivering the best quality food from the soil to plate

QUALITY

QUALITY CONTROL IN THE FIELD

After the selection of the right varieties and seeds, our in-house cultivation department is in charge of the entire follow up on the growth and safety of the crops, including the use of fertilizers and pesticides which are our utmost priority

QUALITY CONTROL IN PRODUCTION

After harvesting, the processing is done using the highest techniques to obtain the best flavor and maximum nutritional value. For this reason, we have the most qualified production team to ensure that our targets are met.

TRACEABILITY

The perfect traceability systems are in use, to make it possible to map the entire production ranging from planting and harvest to packing.

We have the ability to know the cultivation history from our packed products

LOGISTICS & DELIVERY

Thanks to our experienced logistics team we deliver your goods where you want in any part of the world, in the right time you expect it.

So we give you the peace of mind to focus on your core business & we do the rest of the job all year round.

we have packing machine with the latest version from Ishida company which makes all kinds of packing sizes which combine with all customer requests .
