

Trade Winds is a consulting firm
that offers expert solutions in
international trade.

Vision

"Provide integrated trade solutions
to ensure sustainable profits."

Our goal is to make cross-border
trade more sustainable by using
cutting-edge technology.

About us

Founded in 2020 in India, Trade Winds Consulting provides high-quality consulting services in the field of International Trade by sharing knowledge expertise with exporter-importers.

We are a trusted name in the Foreign Trade industry. Our customers are mainly large companies, SME units, and individuals who are involved in export-import activities. We speak to our customers as a partner.

Value Proposition

"Exporter-importers have an exponential ability to bridge the gap between trade surplus and trade deficit. Our objective is to provide strategies and offer assistance to exporter-importers. By this we, as an enterprise best fit into their routines."

- Aditya Kashikar, Founder
Trade Winds Consulting
