STYLISH BELLES

Don Gentilis beers are inspired in classics. Some of them, very few exploited in Brazil, such as the Roggenbier style: a typical beer from Bavaria, Germany.

We are a brewery predominantly ruled by the German school, respecting the premises of the purity law "Reinheitsgebot", which guarantees that they are produced with only 4 ingredients: water, malt, hops and yeast. However, American, English, and Belgian styles are present in our labels.

Our beers are extremely gastronomic, with the potential to create amazing harmonization with dishes of the most diverse culinary varieties.

OUR STYLES

In each label, our heart and soul will always be present, as they reflect every part of our history. We know that in order to make something really special and perennial, it takes time, dedication and hard work. Don Gentilis is a brewery family who brings on its labels the faces of **Mr. Gentil and Mrs. Mercedes, parents of brewer Cadu Lopes.**

Our beers have as main characteristic, the strong presence of Malt. We search for the best malts produced in the world, as well as hops and yeast, so that you can enjoy the same attributes of the beers that served as inspiration for our recipes.
