

# BUYLOCAL

Local E-Commerce For Local Governments

## What we do?

**Digitize your  
local business  
catalog**

**Discover  
new local  
vendors**

**Complete  
Checkout in  
one place**

**Track socio-  
Economic  
Goals**

# Launch your local portal, where your community can connect and buy from your local businesses first.

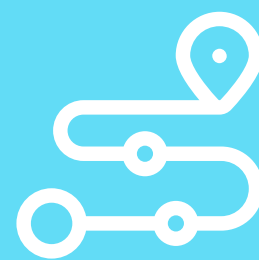

Transform your local businesses lists into dynamic and always-updated online catalogs.

We work with your local businesses and Chambers of Commerce to identify, label and verify all the businesses in your area.

Give your local businesses the opportunity to have a larger digital platform and reach new customers in your community and across the country!

Track your socio-economic goals, and share your local impact dashboard results with your community and city staff

We believe in the power of local businesses empowering local economies in every community no matter the size

## How your local portal works

**01**

### Set up your local portal

Strengthen your local economy and foster economic growth by reinvesting locally

**02**

### Add Your Local Vendors

We take your existing vendors lists and turn them into a visual and updated catalog.

**03**

### Discover New Local Vendors

We take your existing vendors lists and turn them into a visual and updated catalog.

**04**

### Track order, Spend & local goals

We take your existing vendors lists and turn them into a visual and updated catalog.
