

Oriente Salvaje Restaurant

Oriente Salvaje means Wild East, which defines the areas to the East of the Rio Lempa which you will cross on your way from the airport and symbolically divides the country in half.

Our consulting culinary director has worked with the resorts staff to develop a menu steeped in New American Cuisine and local Salvadorian favorites. Dine just steps from the Pacific Ocean and the famous waves of Las Flores point in our restaurant constructed from regional hardwoods. Guests are greeted with our freshly-made natural juices to revitalize themselves for the adventurous day that beholds them. Breakfast and lunch menus are a-la-carte with a diverse and hearty selection. The evening experience allows guests to enjoy a three course dinner with choice of entrée. Oriente Salvaje is dedicated to sustainability, sourcing locally grown fruits and vegetables, imported Angus grade beef and Pacific Seafood. Las Flores Resort guests receive breakfast, lunch and dinner included in the nightly rate.

Facilities

Hotel facilities include pool and sundeck, swim-up bar, jacuzzi, air-conditioned lounge, business center, outdoor lounges and hammocks, children's playground, landscaped gardens and walking trails, surf shop, surf school, surfing and fishing panga fleet, oceanfront yoga deck and signature Las Flores SPA.
