Private Label - White Label - Product Development - Outsourcing

Our experience in the production and constant development of new healthy beverages also allows us to offer the market the possibility of the following alternatives:

1. Development of new products for third parties;
2. Outsourcing / Production of beverages to third parties = Private Label.

We have our own highly qualified laboratory staff that allow the R + D + i department to develop new products: analyzing, collaborating and participating with our clients, offering maximum flexibility.

We are leaders in the development, production and marketing of high quality frozen and chilled fruit juices, teas and other natural, innovative and functional vegetable drinks. Products that benefit the industry and meet consumer demands.

At Le Bio, we focus our experience on innovation and unwavering passion to explore the excellence of nature and provide fresh and amazing food to consumers.
