WHO WE ARE

Medinfar is a fully integrated Pharmaceutical Company with headquarters in Lisbon, Portugal. Founded in 1970, Medinfar is focused in R&D, Production, Distribution, Marketing and Sales, being currently the N°1 Portuguese Company in Consumer Health and Dermatology. In Portugal, besides our own brands, we market licensed products in partnerships with top international pharmaceutical companies.

Medinfar markets a wide range of products: Prescription medicines, Consumer Health, Dermocosmetics, Food Supplements and Veterinary products, in more than 50 countries.

Through our R&D - GMP center and our GMP manufacturing site Farmalabor, we offer tailor made turnkey solutions, from galenic development to contract manufacturing.
