THE AEGEAN REGION... RIVIERA OF OLIVE TREES

The Aegean Region, known as **the Riviera of olive trees**, nestles on the coast of the Aegean Sea, an arm of the **Mediterranean**. **Herodotus**, the famous historian, once described the Aegean coast as having **"the most beautiful sky and the best climate in the world"**. This area is known to produce the **worldwide finest quality olives**. It has olive trees over thousand years old. A traveler visiting the Aegean coast today may rest in the shadow of the same olive tree once Herodotus sat beneath and might hear wise tree whisper in this ear, **"I belong to all and I belong to no one; I was here before you came and will be here when you leave."** The Aegean region holds a distinctive place in the world history with Ephesus, one of the greatest cities of the Roman Empire, the Temple of Artemis, one of the Seven Wonders of the World; Aphrodisias and Troy, the remains of ancient civilizations attesting to over 5000 years of history.
