Why Support E.A.T.?

- *Use multimedia to shine light on ancient heritage and it's connection to our planet.*
 - *BRIDGE the gap between indigenous communities in our private social media network*
 - *Foster self-reliance and self-determination*
 - *Inspire young entrepreneurs hands-on (eco-preneurship)*
 - *Participate in special events, using the arts, food, music*
 - *Honor Mother Earth and prevent deforestation*
 - *Increase farm to table*
 - *Support local economy and authentic indigenous products*
 - *Participate in cultural exchange, work, study at home and abroad experiences*
 - *Establish organic farms in urban and rural areas*
 - *Camp out and learn survival techniques and activities*
 - *Foster peace and good-will*
 - *Get Fit and have fun*
- Ecology Agriculture Trade, Inc., (E.A.T.) Indigenous Sharing Society, Also Trading As, (E.T.A.) My Eco Hive and family of companies practices regenerative permaculture and provide eco-friendly digital content and land development opportunities. We inspire a clean, green and healthy way of life. E.A.T. is registered as a 501(c)4 , social welfare organization headquartered on a private family ranch in Redlands, Florida. On one acre within this ranch, we operate our women owned, start-up farm known as My Eco Hive. We grow clean food for the planet in this sacred space, produce eco-friendly digital content and artfully weave permaculture with arts.
- May 2021 launches our talented tribe streaming Season 1 of My Eco Hive, an interactive channel and digital network broadcasting from MyEcoHive.com. This new series is also a social media for business network and international marketplace where you can find eco-friendly products and member services in a secure place. Members also sell and trade authentic indigenous artifacts and subscribers can interact, do business and exchange ideas to enrich the life of everyone.
- My Eco Hive network is honored to present diverse people from all walks of life sharing their eco life journeys. This the perfect opportunity for local and international companies to gain all-inclusive access to be featured among our popular niche audience. MyEcoHive.com channel and website offer prime real estate to feature your products or services in a unique and vibrant series. We all have a desire to make a positive impact in being a solution to our growing economic and environmental disaster.
- Our resource provide various ways to solve our social and ecological issues and to leave our planet is better shape than how we received it. Send us your products and services to review. Gain access to brand exclusivity as we introduce you to our popular audience. We provide the tools for the ultimate branding suite, which we know is a win-win for us all.
