SUPER

www.orbiquimica.com.br

Orbi Química is a 100% Brazilian capital company that started its activities in 2006 initially producing only WHITE LUB SUPER degreaser, a leading product in the segment.

It maintains its philosophy of investment in innovative equipment and technologies with the purpose to offer the market an extensive line of high-performance products.

Orbi Química has two facilities, the Leme unit, which covers 11,000 square meters with a built area of 7,000 meters, a distribution unit in Blumenau / SC and an ongoing project for another production unit in Bahia. Currently we offer complete solutions for the car line, industrial maintenance and conservation and building, manufacturing chemical products for different applications, all with strict production and quality processes.

A laboratory equipped with modern equipment to formulate and analyze quality products, automated equipment, a team of chemical engineers and technicians specialized in development and quality control.

The products comply with the standards and requirements of INMETRO, are registered and notified in the ANVISA and ANP.

Certified with the Apcer ISO 9001 seal, in addition to the green seal of the Chico Mendes Institute and Jornal do Meio Ambiente of the state of São Paulo.

Despite the fact of the 3 business divisions, the company is characterized by its model of unified management sharing the same vision and mission present since its foundation. In this way, Orbi Química grows by creating value to all the public which it relates with: employees, customers and suppliers.

MISSION

"Produce and market high performance products that exceed the expectations of our clients and partners, with differentiated quality, through constant technological innovations and personal qualification, acting with social and environmental responsibility, generating value for our clients, partners, employees, shareholders and for the whole of society."

VISION

"Recognition as a company of excellence in the Brazilian market, for industrializing and commercialize high quality products in the automotive, industrial maintenance segments and civil construction, with the commitment to continuous improvement of its products, with the sustainable development and profitability in their businesses."

VALUES

- Respect for clients and employees;
- Social and environmental responsibility;
- Security and integrity.

ORBI AIR AIR CONDITIONER CLEANER

Clean ducts and filters

Developed for cleaning ducts and filters, avoiding contamination. Manufactured with a special valve that locks after activation and automatically releases the product, cleaning the air conditioner.

- Leaves a pleasant aroma for longer
- Releases the vehicle in a short time
- No need for equipment
- Easy application
- Grenade type application valve

Validity: 24 months

ORBI POLISHING MASS N° 2

Powerful cleaning action

Enhances color and shine. Suitable for polishing all kinds of original automotive finishes and / or overcoats that have a high degree of calcination, restoring the original appearance of the painting.

Code	Color	Packaging	Pack
9044	White	400g	12 units
Validity: 24 months			

ORBIMAX WAX CLEANER AND POLISHER

Protect from bad weather

Removes rusty paint, stains and helps remove dirt (tar, insects). After the application leaves a layer of protection against the weather.

Recommended for all types of paints and varnishes as well as for motorcycles, boats, refrigerators and metal furniture in general. It has carnauba and non-stick (PTFE).

Code	Color	Packaging	Pack
8910	Orange	200g	12 units
Validity: 12 months			

ORBI-MAX LIQUID WAX

Clean and shine

Automotive wax that has carnauba and non-stick in its composition. Removes stains and helps remove dirt. Leave a cape protection against the elements.

Recommended for all types of paints and varnishes, but also for refrigerators, motorcycles, boats and furniture.

Code	Color	Packaging	Pack
8905	Yellow	200ml	12 units
Validity: 12 months			

ORBICLEAN WINDSHIELD CLEANER

Glass Cleaner

Removes oil, grease, insects and soot from the breeze, restoring shine and transparency.

Facilitates the sliding of the wiper blades windshield.

Can also be used for headlight cleaning and vehicle headlights.

Code	Color	Packaging	Pack
1577	Blue	100ml	24 units
Validity: 12 months			

ORBI WATER OFF - GLASS CRYSTALIZER

Create a protective film

Formulated for external use only. When applied to the windshield, it facilitates the flow of windshield wipers, improves driver visibility, protects from the grip of impurities and insects on the glass.

- *Increases safety in rainy conditions.*

Code	Color	Packaging	Pack
1575	Colorless	100ml	24 units
Validity: 12 months			

ORBI SIL LIQUID SILICONE

Protects, renews and restores shine

Developed for the protection and conservation of panels, door sides, side moldings, parts chrome, consoles, rims, rubber and bumpers.

It contains pure silicone in its formulation and a mild fragrance.

Code	Color/Fragrance	Packaging	Pack
3317	Colorless/New Car	100ml	24 units
Validity: 12 months			

ORBI CAR WASH

Concentrated detergent

Strong concentrated neutral detergent cleanliness and pleasant fragrance, leaves the vehicle clean and ready to receive waxing.

ORBI CAR WASH WITH WAX

Clean and shine

Neutral concentrated detergent with great power of cleanliness and pleasant fragrance. Clean and keeps the waxed shine longer, leave a protective layer that increases resistance against the weather.

ORBI TIRE SHINE

Preserves and polishes tires

Leaves a protective layer on the surface by longer than other products, giving shine and highlighting wheels, bumpers, sides doors, mirrors, carpets, rubbers and plastics in general.

Code	Color	Packaging	Pack

1848	Purple	500g	12 units

ORBI SILICONE GEL

Cleans and perfumes

Treatment that cleans and perfumes the surface applied, leaves shine, UV protection, preserves, protects plastic and rubbers from drying out.

Quick drying and easy application.

ORBI LEATHER CLEANER

Hydrates and protects

Cleanses, perfumes and moisturizes restoring the appearance and flexibility to leather, leaving protected against ultraviolet rays and the weather. Preserve and protects against dryness by leaving the satin touch surface.

It dries fast.

CLEANING FOAM

Deep cleaning

Multipurpose cleaner, which removes common dirt. Recommended for cleaning upholstery of fabrics or vinyls, carpets, surfaces enameled, smooth and polished floors, and chrome. Ideal for cleaning external parts of household appliances, painted metals, tiles, sanitary ware, porcelain tile and painted walls. Clean and do not hurt.

Code	Color	Packaging	Pack
9123	Amber	300ml/209g	12 units

Validity: 36 months

CAR HEADLIGHTS RENEWER

Eliminates scratches and yellowish lenses

New headlights in minutes, without polishing or sand. Eliminates dull, burnt and yellowish of the headlights.

Instant action as soon as the product is being used.

Code	Color	Packaging	Pack
12628	Colorless	50ml	12 units

Validity: 24 months

ORBI DEGREASER GEL

Powerful cleaning action

Developed for grease removal and cleaning, oils and soot. It can be used to degrease in various materials, such as: metals, plastics, formulas and ceramics.

Code	Color	Packaging	Pack
1924	White	400g	12 units

Validity: 24 months

ORBI GEL VEHICLE ODORIZER

Leaves a pleasant scent

Aromatic gel made with pleasant fragrances high performance, rigid appearance and bold colors. Releases perfume gradually in the environment.

Code	Fragrance	Packaging	Pack
1851	Tutti Frutti	55g	24 units
1852	New Car	55g	24 units
1853	Lavender	55g	24 units

Validity: 12 months

ORBI RADIATOR CLEANER

Eliminates rust and oxidation

It is an additive that cleans the system cooling, rust removal, residue oil, sludge and oxidation.

Code	Color	Packaging	Pack
246	Blue	200ml	12 units

Validity: 12 months

ORBI RADIATOR SEALING

Seals and eliminates leaks

Seals and eliminates most leaks in radiators and parts of the cooling system. Mix with any type of coolant additive.

Code	Color	Packaging	Pack
4853	White	200ml	12 units

Validity: 12 months

ORBI FLUSHING

Cleans crankcase and engine

Ideal to always use before doing changing the engine oil. Formulated with a synergistic blend of solvents that further enhance the power of Solvency easily removes gums, varnishes and slag from internal engine parts. Prevent contamination of the new oil and clean everything engine lubrication system.

Product for professional use.

Code	Color	Packaging	Pack
1624	Green	500ml	12 units

Validity: 12 months

ORBI NOZZLE INJECTOR CLEANER

Cleans and decarbonizes the injection system

Concentrated product, specially developed to clean and decarbonize the system engine injection through tank.

Clean from the tank to the combustion chamber, protect and lubricate the system, especially injection pump, nozzles, piston head, among others.

Diesel products are capable of treating up to 200 liters.

Code	Color	Packaging	Pack
1659	Orange - LBG	500ml	12 units
1663	Red - LBD	500ml	12 units

Validity: 36 months

ORBI FUEL ADDITIVE

Improves engine performance

Has an enhancement asset pack for improve vehicle performance. Once added the fuel starts to act differently fast and efficient, increases engine power, reduces consumption, eliminates and prevents the formation of lees and flakes from the burning of the fuel and keeps everything clean and lubricated feeding system.

Code	Color	Packaging	Pack
1622	Red - AG	200ml	12 units
1623	Blue - AD	200ml	12 units
1797	Yellow - FLEX	200ml	12 units

ORBI ANTI NOISE

Eliminates brake noises

Developed to act directly on the back brake pad eliminating the noises that originate friction between the piston and the metal part of the insert (rear). The product forms a protective film that cushions vibration.

- Withstands water and high temperatures.

ORBICAR 2000 - DECARBONIZING SPRAY

Eliminates greasy residues

Developed by mixing solvents aliphatic, aromatic and ketone, their application should be performed where waste disposal is desired fats that are deposited through the time and charred material in general.

Cleans carburetors and throttle body (TBI).

Code	Color	Packaging	Pack
5930	Red	200ml/140g	12 units

Validity: 24 months

Code	Color	Packaging	Pack
08	Amber	300ml/209g	12 units

Validity: 24 months

ORBIVED MEGA BLACK

High temperature silicone adhesive

Formulated with the highest industrial technology on the market. Suitable to replace conventional gaskets, except spacer joints. Replace gaskets like corks, rubbers, conventional silicones, felts, etc. Especially suitable for sealing parts in general such as oil pan, transmission pan, intake manifold, thermostat box, hose connections, box gearbox, differential cover, front engine cover, carburetor and water pump flanges. Supports oil, grease, glycols, automatic transmission fluids and at temperatures from -30 ° C to 320 ° C of temperature constant and intermittent peaks up to 400 ° C. It has mild odor without presence of acetic fumes.

Code	Color	Packaging	Pack
11455	Black	70g - Cartridge	12 units

Validity: 12 months

ORBIVED NEUTRAL SEALANT - HIGH TEMPERATURE

Forms a protective film

Formulated with the highest industrial technology on the market. Suitable for replacing gaskets conventional, except spacer joints. Replaces gaskets such as cork, rubber, conventional silicones, felts, etc. Especially suitable for sealing general parts such as oil sump, transmission sump, inlet manifold, thermostat box, hose connections, gearbox, differential cover, front engine cover, water pump and carburetor flanges.

Withstands oil, grease, glycols, automatic transmission fluids and temperatures from -30°C to 240°C, with intermittent peaks of 320°C. It has a mild odor without the presence of acetic vapors.

Code	Color	Packaging	Pack
2	Red	50g - Blister	12 units
336	Gray	50g - Blister	12 units
337	Black	50g - Blister	12 units

Validity: 12 months

ORBI JOINT ADHESIVE

Engine gasket adhesive

Adhesive based on nitrile rubber and plastics vinyls. Excellent adhesion on various substrates such as: cork, rubber, bituminous paper, steel and aluminum. Excellent resistance to oils and petroleum naphtha. READY TO USE.

Resistant to temperatures in the range from -20°C to 120°C.

Code	Color	Packaging	Pack
1533	Amber	75g - Tube	36 units*
5911	Amber	75g - Tube	12 units

Validity: 12 months

* Accompanying exhibitor card

ORBI ENGINE GASKET ADHESIVE

Engine exhaust sealant

Seals gaskets, flanges and exhaust gaskets and minor repairs to ovens and greenhouses. Remove noises and leaks in the exhaust pipe. Withstands vibrations and high temperatures.

Code	Color	Packaging	Pack
1534	Gray	100g - Tube	36 hives*
5910	Gray	100g - Tube	12 hives

Validity: 12 months

* Accompanying exhibitor card

ORBIVED – ACETIC SEALANT

Withstands high temperatures

Acetic curing silicone rubber based sealing adhesive. Resistant to continuous temperatures from -30°C to 260°C and temperature intermittent up to 315°C.

Suitable for sealing, sealing heating and exhaust systems, furnace linings, pipes, boilers, roof sealing or replace the seals of the engine, water pump, oil pump, gearbox, etc.

Code	Color	Packaging	Pack
6413	Red	280ml/250g	12 units
2560	Red	50g - Blister	12 units

Validity: 12 months

ORBIFIX 4 - SCREW LOCK

Thread locker

High torque, thixotropic, medium viscosity adhesive. Suitable for locking nuts, bolts and prisoners treated or not (galvanized, cadmium, etc.).

Fill existing gaps of up to 0.20mm between the pieces. It has a strong blocking power, preventing accidental unscrewing.

Code	Color	Packaging	Pack
4	Red	10g - Blister	12 units

Validity: 12 months

Code	Color	Packaging	Pack
5310	Red	50g	12 units

Validity: 12 months

ORBIFIX 5 - BEARING LOCK

Fixed bearing and parts

It is a single component liquid, which cures between metal parts in the absence of air, forming an inert and resistant component. The sticker curing promotes a contact of 100% between the parties.

Suitable for fixing bearings, bushings, keys, pins, propellers and rotor shafts (pumps) with clearance up to 0.15 mm avoiding press assemblies and use of temperatures (thermal expansion / contraction).

Code	Color	Packaging	Pack
1870	Green	10g - Blister	12 units

Validity: 12 months

MAINTENANCE KIT

Preventive Maintenance

Developed to aid in the preventive maintenance of the vehicle. An ideal combination of high-performance products exclusive for a full maintenance. In reduced packages, avoids waste and is affordable.

Revision Set 4

Contains White Lub 65ml, Orbi Lubri 65ml, Orbi Sil 65ml and Orbi Clean 100ml.

Code	Packaging	Pack
7450	180g	12 units

Validity: 12 months

BI-DEMINERALIZED WATER

For batteries and radiators

Recommended for use in batteries and radiators. Automotive of light and heavy vehicles, motorcycles, agricultural line and nautical line. Electrical conductivity, max. 10 microsiemens. pH 7.1 to 7.4.

Free of mineral salts, iron, calcium and magnesium.

Code	Color	Packaging	Pack
12873	Colorless	1 liter	06 units

Validity: 36 months

ORBI FLUID FOR RADIATORS

Anti-corrosion and anti-boiling

Product based on innovative hybrid technology, protects the entire engine cooling system against corrosion.

Increases the boiling point, increases the life of the equipment, maintaining good cooling performance even in severe conditions of use. 50% dilution demineralized water and 50% additive.

Code	Color	Packaging	Pack
5530	Pink	1 liter	06 units
6081	Green	1 liter	06 units
6083	Blue	1 liter	06 units

Validity: 24 months

ORBI RAD CONCENTRATE FLUID FOR RADIATOR

Protects the cooling system

Product with organic and inorganic corrosion inhibitors. Environmentally correct. This fluid is free of nitrites, phosphates, amines and silicates. Superior corrosion protection, inhibits foaming, reduces freezing point and raises the boiling point of water. 50% dilution demineralized water and 50% additive.

Code	Color	Packaging	Pack
1802	Pink	1 liter	06 units

Validity: 24 months

BUILDING

High performance chemicals

ORBIVED SILICONE ADHESIVE USO PROFISSIONAL

Acetic: for smooth surfaces.

Multipurpose Flexible Silicone Adhesive acetic that vulcanizes at room temperature. It is used for sealing, caulking, adhesive, gluing, fix and join materials such as glass, metal, wood, aluminum, polycarbonate and others. Forms a layer in about 10 minutes and cure total in 24 hours. Seal electrical cables.

ATTENTION: It is not indicated as a sealant for engines. For this use, consult our codes 2, 336, 337 and 6413.

Neutral: for smooth and porous surfaces.

Product based on silicone polymer that vulcanizes at room temperature. Recommended to seal all types of smooth, porous surfaces and most of the substrates used in building. Suitable for sealing in frames aluminum, PVC, wood and iron, installations in cold rooms, storage facilities air conditioning or forced ventilation.

Code	Color	Packaging	Pack
6400	Colorless	280ml/250g	12 units
6525	White	280ml/250g	12 units

Validity: 12 months

Code	Color	Packaging	Pack
6402	Colorless	280ml/250g	12 units

Validity: 12 months

ORBI SINK FIXER

Optimal adhesion on most substrates

PU Adhesive is especially for Fixing Sinks developed based on Polyurethane Polymer of hybrid origin. Suitable for practically fixing all kinds of sinks such as: ceramic, refractory earthenware, stainless steel and porcelain, in different types of substrate, marble, granite, concrete and wood. The PU Sink Fixing is a one-component product that facilitates the application and its curing occurs through the air humidity (oxygen). Presents excellent fixation when compared to conventional aggregates. Does not dry out, does not show cracks over time and due to its easy spreading it presents a great sealing between the sink and the applied substrate.

The full curing of the product occurs after 72 hours.

Code	Color	Packaging	Pack
12800	Gray	230ml/380g	12 units

Validity: 12 months

ORBI MIRRORS

Fixing mirrors and special glasses

Recommended for fixing and sealing mirrors, glass laminated, tempered, reflective and common; sensitive metals, all types of surfaces smooth and porous. Has excellent absorption of movements and vibrations. Can be applied even on walls with small irregularities.

Product without solvents, does not harm the environment, odorless and does not stain.

Code	Color	Packaging	Pack
2744	White	380g	12 units

Validity: 12 months

ORBIFLEX PU BUILDING

SEALANT BASED ON POLYURETHANE

40 Shore A - Elastic sealant with excellent durability and adhesion

One-component elastic sealant based on high performance polyurethane, ready for use, that cures with moisture in the air. Indicated for seal, fill, glue with elasticity and refinement.

Paintable, flexible product of excellent quality, durability and adhesion.

Code	Color	Packaging	Pack
2451	White	230ml/380g	12 units
2463	Grey	230ml/380g	12 units
10954	Black	230ml/380g	12 units

Validity: 12 months

ACRYLIC SEALANT

Ecological - Water-based

General purpose acrylic based solvent-free sealant with fungicide. Indicated for low movement joints, sealing of shutter boxes and all kinds of cracks and fissures, stone, tile, wood, styrofoam, drywall, masonry, etc.

IMPORTANT: Do not apply to mirrors and aquariums. Before painting, it is recommended to do a pre-test. Solvent based paints and oils can be harmful to the product.

Code	Color	Packaging	Pack
16457	Colorless	300ml/250g	12 units
16459	White	300ml/400g	12 units

Validity: 12 months

ORBI PU GUTTERS

Set and sealing metal gutters and plates

It is a one-component sealant adhesive of high performance based on polyurethane, especially tially developed for the fixation of channels lones, ruffs and drips. Excellent adhesion to various substrates used in construction, such as: concrete, stone, aluminum, sheets and metal frames. Does not run when applied vertical. Accepts painting after curing.

Code	Color	Packaging	Pack
10384	Gray	320g	12 units

Validity: 12 months

ORBI GUTTERS SEALING

Sealing and repair

Developed through a mixture polymer silane and coated fillers for fixation and sealing of gutters, flashing and galvanized parts. Due to its composition, GUTTERS SEALING differs from other products since it is totally free from solvents, which gives it the characteristic of ecologically correct product.

Easy to apply, creates a membrane from 6 to 10 minutes and full curing after 24 hrs. Because it has good elasticity, the product is also suitable for finishing and seal the fixed parts. It has good strength against ultraviolet rays. In addition to galvanized parts it is indicated for other substrates such as wood, concrete, pieces of fiber cement, aluminum and ceramic.

Code	Color	Packaging	Pack
15601	Colorless	270g	12 units

Validity: 12 months

ORBI GUTTERS SEALING

Ecological - Sealing and repair

Water-based solvent-free sealing gutter with fungicide, for general use. Indicated for low movement joints, sealing cracks and fissures in gutters, flashings and conductive, produced in metallic or plastic sheets, etc.

IMPORTANT: Do not apply to mirrors and aquariums. Before painting, it is recommended to do a pre-test. Solvent-based paints and oils can be harmful to the product.

APPLICATION: Suitable for low movement joints, sealing and fixing of gutters, flashings and conductors.

Code	Color	Packaging	Pack
16486	Gray	300ml/280g	12 units

Validity: 12 months

ORBIVED SILICONE ADHESIVE

Flexible multipurpose

Flexible Multi-Purpose Curing Silicone Adhesive acetic that vulcanizes at room temperature. Used for sealing, caulking, gluing, fixing and bonding common metal, ceramic and glass materials.

ATTENTION: Not indicated as a sealant for engines. For this use, see our codes 2, 336, 337 and 6413. It forms a film in approximately 10 minutes and total cure in 24 hours.

Code	Color	Packaging	Pack
5542	Colorless	50g - Blister	12 units
5543	Colorless	50g	24 units

Validity: 12 months

ORBI-POX - EPOXY ADHESIVE

Component A + B - Minor repairs

Epoxy adhesive with initial cure in 10 minutes and total 24 hours. Ideal for minor repairs, domestic use, industry and crafts, such as collage smooth, porous or irregular surfaces, such as wood, tile, stone, metal, natural fiber, vulcanized rubber among other materials that require more contact time between the parts to guarantee of mechanical characteristics. Excellent cost benefit and practical packaging.

Code	Color	Packaging	Pack
241	Colorless	40g (2x20g)	12 units
15241	Colorless	24g (2x12g)	12 units

Validity: 24 months

ORBICOLA UNIVERSAL GLUE

Repairs and assemblies

Ideal contact adhesive for repair and assembly, loudspeakers, automotive, wallpaper collage, rubber, linings, carpets, hood liners, vinyl or rubber flooring, asbestos, decorative laminates, leather, glass wool fibers, handicrafts, and etc.

It has a special formulation that allows an excellent finish and great durability.

Code	Color	Packaging	Pack
2880	Amber	75g	36 units
2878	Black	75g	36 units

Validity: 12 months

ORBI PLUS 1304 - SEALED SEMI SECATIVE

For threads and flanges in general

Synthetic rubber based semi-drying sealant, for sealing threads in pipes, flanges and connections metal and rigid PVC. It is used in a hydraulic network with temperature not to exceed 90 degrees. It can be used in buildings or residential installations with pressure without exceeding 8 bar and / or 100 psi. Can be used in industrial facilities such as compressed air lines, oxygen and other inert and non-flammable gases. We always recommend checking for possible leaks before finishing the work and releasing lines for industrial use.

Code	Color	Packaging	Pack
1453	White	100g - Cartridge	12 units

Validity: 12 months

ORBIFLEX PU40 MULTI-USE 590ml (sachet) GRAY

Single component adhesive

It is suitable for joining various materials, such as: wood, metals (with or without paint), bricks, concrete blocks, floors, countertops, window frames and frames. Bonding of plates, gutters and flashing.

Código	Color	Embalaje	Pack
14960	Gray	400g	20 units

Validez: 12 meses

ORBI FOAM - EXPANSIVE FOAM

Manual application and excellent adhesion

Monocomponent sealant based on polyurethane. After curing, it fills, seals and insulates for a long time keeping its physical properties unchanged, including those parts exposed to climatic changes. Easy to apply can be cut, sanded, polished and drilled. It can be applied to a wide variety of materials, such as wood, masonry, metals and plastics. Furthermore, the the product expands up to 3 times its initial volume and yields up to 30 liters.

ATTENTION: It does not adhere to polypropylene-based materials pylene and PTFE (non-stick resin).

MULTIPURPOSE

High performance chemicals

Use **the best** and keep collaborating to the **well-being** of the planet!

WHITE LUB SUPER

Anti-seize and protective

WHITE LUB SUPER has an exclusive formula that makes it a protective anti-seize lubricant and antioxidant property. With excellent performance it works where there is a need for protection against the effect of oxidation on materials, equipments and metal surfaces. Loosens nuts very easily and rusty screws, protects all metal parts exposed to moisture in the air and corrosion.

UNMATCHED PERFORMANCE.
MARKET LEADING PRODUCT IN ITS SEGMENT.
EASY TO APPLY.

Validity: 36 months

HIGH TEMPERATURE SPRAY INK

Supports up to 600°C

Ideal for painting internal and external parts, in metal surfaces or objects that reach the temperature 600°C maximum.

Indicated for use in automobile, motorcycle, chimneys, chimneys, boilers, pipes and outdoor grills and stoves.

Code	Color	Packaging	Pack
9871	Aluminum	340ml/220g	06 units
9870	Matte Black	340ml/220g	06 units

Validity: 36 months

ORBI ELECTRICAL CONTACT CLEANER

Cleans electrical and electronic contacts

Developed to clean electrical contacts and electronics by mixing with solvents aliphatic. It presents excellent wetting of components for the total removal of dirt and fast dry. As advantages, it does not cause oxidation and has high dielectric strength, offering greater safety and user protection. Ideal also for cleaning relays, remote controls, computers, office machines, etc. Not attacks most plastics, rubbers, metals and paintings.

Code	Color	Packaging	Pack
7	Colorless	300ml/209g	12 units

Validity: 24 months

ORBI VASELINE SPRAY

Aerosol lubricant

Designed for equipment lubrication in general, protection against oxidation, even in aggressive environments such as salty air. Used in mounting of glass, cables, rails and doors, bicycles, motorcycles, boats, tools, appliances, fishing utensils, machines and equipment in general. It facilitates the fixation with the rubber. Protects electrical components from formation by zinabre. It does not attack the rubber and maintains looks great on the app site.

Code	Color	Packaging	Pack
5315	Colorless	300ml/160g	12 units

Validity: 36 months

ORBIGRAX - WHITE GREASE

High performance cavity grease

Multi-purpose grease with additives that provides excellent lubrication in equipment, parts and pieces in general. Have excellent water resistance, good protection against corrosion, high resistance to oxidation and great mechanical stability. Excellent protection in the presence of water, including salt water.

- Resistant to temperatures of -30°C up to 150°C .

Code	Color	Packaging	Pack
1539	White	300ml/209g	12 units

Validity: 24 months

ORBISIL - SILICONE SPRAY

High performance lubricant

Developed with a special formulation that prolongs the useful life of plastic, vinyl, leather, rubber and tools in general.

Formulated based on silicone, dispersed in solvent, that after evaporation maintains a film protective on the surface.

Code	Fragrance	Packaging	Pack
245	New Car	300ml/209g	12 unidades
6114	New Car	65ml/40g	48 unidades
5919	Classic	300ml/209g	12 unidades

Validade: 24 meses

ORBI GRAF - GRAPHITE SPRAY

Dry lubricant

Developed with low grain graphite and provides high performance dry lubrication. Forms a thin dry film that facilitates the slippage between the parts.

Used on exposed threads, padlocks, glass channels, chains, machines and mobile mechanisms in general that need dry lubrication.

Code	Color	Packaging	Pack
4802	Dark Gray	300ml/175g	12 units

Validity: 36 months

ORBILUBRI - LIQUID GREASE

High adhesion

High temperature resistant lubricant, with great adhesion power, resistant to water, including salt. Reduces friction between parts that eliminate noise. It has good penetration and does not damage plastics or rubbers. Operates in lubrication metallic parts, mobile or not. Due ease of penetration can be used in armored bearings, hinges in general, chains, rails, cables, gears and lubrication of machinery and equipment.

Code	Color	Packaging	Pack
6112	Colorless	65ml/40g	48 units

Validity: 24 months
