## ABOUT US

Looking to create a new and innovative product, we tested unique ingredients from the Dominican Republic such as Yellow Amber. This is how our natural cosmetics line, CARABE RD was born.

Our amber comes from the Juan de Niña and Rancho Ambrosio sections in the Septentrional mountain range and the Palo Alto Section, in the north of the island.

---

**CARABE: means fossilized vegetable resin or amber in Arabic.**

---

## PRODUCTS

### EXFOLIATING SOAP

The Amber particles remove the excess layers of dead cells and impurities on the skin, improving its external appearance.

- 72 Units or more \$ 1.80 / each
- 144 units or more \$ 1.58 / each

### BODY SCRUB

Helps with inflammatory pain, reduces anxiety, reduces hyperpigmentation, and activates protein production in the skin.

- 12 or more \$ 9.48/ 4 ounces

- Per ounce:  
\$ 2.37 / ounce

### BODY MILK

It helps strengthen the skin to protect it from the negative effects of the environment and to prevent dehydration in the skin.

- 12 or more \$5.71/ 4 oz.
