REMARKABLE INDONESIAN COFFEE

PT RANS SADAWIRA UTAMA GROUP VISION AND MISSION

VISION

To become one of the suppliers of the world's coffee bean needs

MISSION

To optimize our stakeholders interest by fulfilling our customers' needs for Arabica, Robusta and Excelsa coffe beans from Java Ijen with excellent service, competitive prices and a strong commitment to always maintaining quality.

"The secreto the taste of Java Ijen coffee is that from a geographical point of view, all plantations face east, so there is enough early sunlight, and because the seafront gets overflowing with salt water. Meanwhile, at night, you get a blow of sulfur vapor. That acidity appears when planted above a thousand meters."

PRODUCT

JAVA IJEN ROBUSTA

Java Robusta coffee beans is fairly fitting and moderate with a fairly low acidity level also has a profile that is characterized as a thick coffee bean body, with the aroma of beans, chocolate, caramel and long after taste

JAVA IJEN ARABICA

Its taste is also very unique, which has a nutty, chocolate, and spice flavor with a low acidity level, and a little sweetness. The distinctive aroma will be felt when brewed for the first time. Java Ijen coffee has a soft texture so it seems sweet in its presentation

JAVA IJEN EXCELSA

Is a type of coffee that has a strong taste and aroma and a more dominant bitter taste. From a physical point of view, Excelsa has larger coffee beans compared to Arabica and Robusta coffee

JAVA IJEN EXCELSA

Typical coffee will easily attract coffee connoisseurs to want to taste the coffee. Especially if the coffee has a myriad of advantages that make it look even more shining compared to other coffees. Although it is hampered in terms of cultivation, the coffee will still have fans, because of its distinctive aroma and taste. The sour taste of excelsa coffee is strong, some coffee connoisseurs call it the smell of jackfruit, mango, or boiled banana.
