

UAB Raserna

General Business Activities

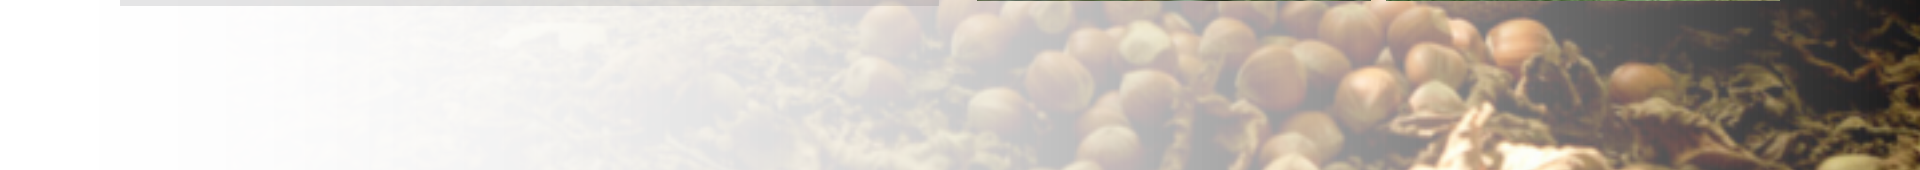

UAB Raserna has been established in 2012 as Lithuanian commodities trading company engaged in the import and export of various types of nuts and seeds. UAB Raserna is family owned business which specializes in wholesale of nuts (mostly hazelnuts, walnuts, pumpkin seeds and sunflower seeds). Our main production originally comes from Ukraine and Georgia. We are focused on specific products, because we believe that this is the way to ensure the highest quality and it enables us to offer the best price-to-quality ratio to our clients.

From field to the factory

- UAB Raserna is focused on supplying our international customers with Georgian and Ukrainian nuts and seeds. Raserna's team participates in every step. We buy raw material from farmers and processors who clean and pack it according to our customers' requirements.
- Over the years, UAB Raserna has established close relationships with numerous reliable growers, processors and packers. Regular visits to origins are carried out in order to gather market information and control quality of products at source.

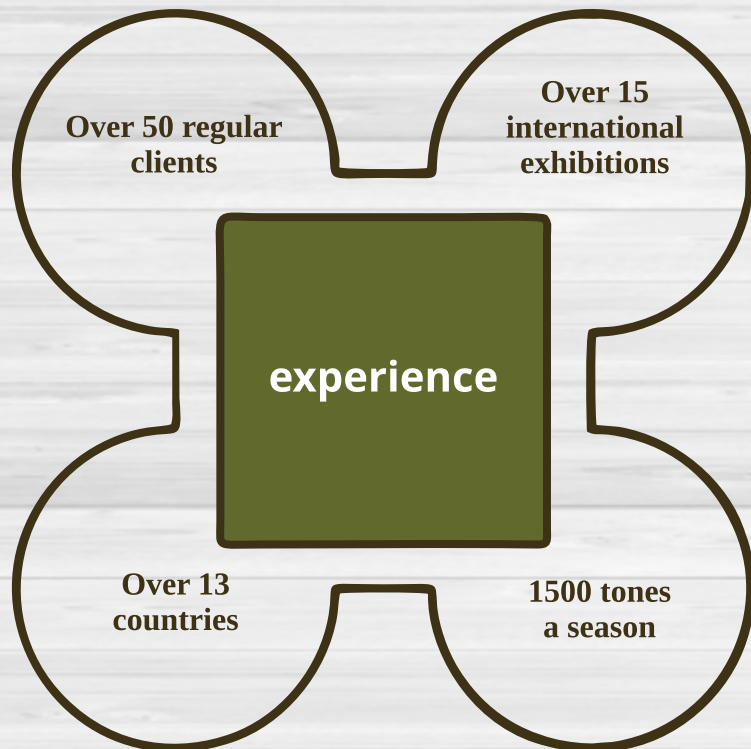

UAB RASERNA

Vision - to provide quality services which exceeds the expectations of our customers and partners.

Mission - continuously create good relationship between the buyer and the company, preserving existing customers and attracting new ones, ensuring the highest level of product quality from the field to the warehouse.

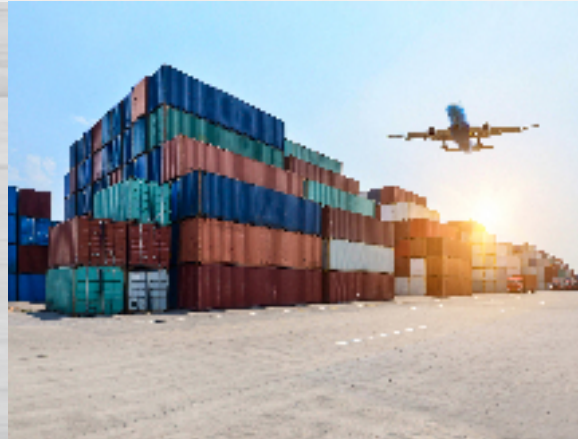

Experience

Logistics

- Usually, production is delivered to Lithuania and goods are held at a warehouse in Kaunas, certified ISO 9001, class A. It enables us to guarantee quality and facilitate direct interaction for EU countries.
- We can ship full container loads to almost any port in the world along with all necessary documents and certificates.
- Our manufacturing, wholesale and logistics teams are always receiving good training and focus on enhancing their sales skills and that particular part of our business registering strong growth in the past couple of years.
- Currently, we are growing and expanding the business focusing on Asian Market.

We offer for our clients

- From field to the factory in one call
