

Products Representation – March/2021

Created to facilitate foreign trade and to expand markets, offering advisory and consulting to develop markets and make export and import processes. We are in Mato Grosso, Brazil mid-west.
See how Hórus Foreign Trade can perform:

Market Development

We identify new markets, costumers, suppliers. We carry out the feasibility study. Guidance on how to act at that market and also make the negotiations between the parts.

Trade Promotion

We represent your company in international trade fairs, business roundtables and technical visits, as well as advisory for organizing fair stands and meetings.

Process Operationalization

We take care of the whole process so you can continue taking care of the other operations in your company.

Made in Brazil

Rice and Beans

Founded in 1980 in São Paulo, to produce rice. They moved to the state of Mato Grosso in 2000. In 2007, bean production began. They sell to Brazil Midwest, Northeast, Southeast and have already exported to Portugal, India and the United Arab Emirates.

The mixture of rice and beans:

- Provides the necessary nutrients and energy for the proper body functioning.
- Promotes satiety sensation, regulating appetite and assisting in the weight loss process.
- It helps prevent diseases such as cardiovascular problems, diabetes, colon cancer and intestinal malfunction because they are rich in fiber.
- It forms a protein of high nutritional quality, in addition to providing carbohydrates, B vitamins, iron, potassium, zinc and other essential minerals

Guaraná Powder & Syrup

This company was founded in 1987 and its aim is the quality of life of their customers and employees.

Guarana is a fruit grown in the amazon forest in Brazil.

It is a natural energetic drink with many advantages such as:

- stimulates cell renewal,
- facilitates the ability to concentrate,
- helps to reduce excess glucose and cholesterol,
- acts as an intestinal regulator,
- acts as an invigorating tonic,
- prevents migraines, cramps,
- prevents gastrointestinal problems and even arteriosclerosis.

Sugar Cane

This Brazilian Sugar Cane Juice is produced without any added sugar, preservatives or dyes!

The sugarcane juice helps in the muscles recovery and formation, prevents cardiovascular diseases, is rich in vitamins and minerals, reduces cholesterol, gives energy.

It can be mixed with other fruits and used to prepare drinks. Very consumed by those who play sports.

Ice Cream

Since 1984, this company is committed with Mato-Grossense family, in Brazil, assuring quality to their products and satisfaction for their costumers.

Now, expanding to the world.

They use quality raw material to ensure the final result: tasty product, without the taste of fat, it takes a while to melt.

Cocoa

These are high quality raw materials produced in Brazil. The producer takes care of everything from the purchase of cacao seeds, going through all the processes of roasting, grinding, press and micronization to handling and transport to preserve the best characteristics of aroma and flavor.

They are also concerned with sustainability, for this reason they pay attention to the environment, and seek the appropriate methods of cultivation and management.

- Natural cocoa powder
- Alkalized powdered cocoa
- Alkaline powdered cocoa with lectin
- Black alkaline powdered cocoa
- Red alkaline powdered cocoa
- Cocoa liquor
- Deodorized cocoa butter
