This way, it keeps the good bacteria, which makes the vinegar active, as well as the nutrients in the apples, which are rich in polyphenolic compounds. Polyphenolic compounds have an antioxidant and anti-inflammatory effect and this helps to prevent diabetes, protect the liver, helps with digestion and acts as a diuretic.

Red Wine Vinegar, 6% Acidity, No Preservatives

DESCRIPTION	PACKAGING
500 ml	Pack of 12 units

It is completely natural, produced without any preservatives and without filtering from dark red grapes, especially selected for producing vinegar.
