producing. We view ourselves as partners with our customers, our employees, our community and our environment.

## OUR VALUES:

PGP's core values are client-oriented, honesty, quality and commitment. These values guide everything we do and enable us to make a positive difference. We are a customer-oriented company and believe in developing strong, positive and long-lasting relationships with all our partners. We are honest and fair with suppliers, customers and colleagues. We are dedicated towards providing goods and services of excellent quality with competitive prices to our entire client base. We are working with strong commitment to ensure the expectations of the customers.

## OUR MANDATE:

At Global level our mandate is simple; transform arable land and wastelands into World class Agribusiness that will feed Nations. Core Businesses Areas are: plantation development, agro commodity trading and export, commodity processing, seed multiplication, sales and installation of agricultural equipments/machinery and agro business consultancy services worldwide.

## WHAT WE DO - BUSINESS LINES:

Agriculture industry specifically in many countries is at the crossroad of a new revolution. The entire food chain is supposed to be modernized and the production is expected to be doubled in the coming couple of years. Apart from domestic demand, this industry brings in

# PROAFIN GENERAL PARTNERS (PGP), INIDIA

huge export prospects. At present agri-business may involve either an input or produce or service and encompasses items. We do this by designing and implementing successful, effective programmes that support the growth of businesses and community-based organizations across region, especially those that are rurally based, youth-focused and female-owned. We implement much needed change in an effective and professional manner.

PGP is exploring this opportunity and started to work in following agribusiness lines.

- ✚ SUSTAINABLE AGRICULTURAL DEVELOPMENT AND CAPACITY BUILDING  
DEVELOPMENT OF ENTIRE AGRO-VALUE CHAIN
- ✚ SUGAR-ETHANOL-COGENERATION-BIOFERTILIZERS
- ✚ JAGGERY PRODUCTION
